

Alexandra Walkden

Alexandra provides efficient and cost-effective support at every stage of the litigation process, including the preservation and collection of documents, examinations for discovery, mediation and trial. She is experienced in preparing various court documents including motion records, affidavits, application records, affidavits of documents and costs outlines. Her areas of expertise include document management support utilizing e-Discovery software with a focus on ensuring technological best practices are met.

Prior to joining Crawley MacKewn Brush, Alexandra worked at a boutique litigation firm specializing in commercial and professional negligence disputes.
